## Audio Visual Installer

### Description

Delaware Audio Visual Integration & Design (DAV) is a premier provider of audio-visual solutions, specializing in the design and installation of cutting-edge AV systems for corporate, educational, and commercial environments. We are seeking a dedicated Audio Visual Installer to join our team, delivering high-quality installations that meet AVIXA industry standards.

The Audio Visual Installer will be responsible for the installation, configuration, and testing of audio-visual systems in accordance with AVIXA standards. This role requires technical expertise, attention to detail, and a commitment to delivering professional, reliable AV installations for clients.

### Responsibilities

- Install and configure audio-visual systems, including displays, projectors, speakers, control systems, and cabling infrastructure, following AVIXA performance standards.
- Read and interpret technical drawings, schematics, and AV system designs to ensure accurate installations.
- Mount and secure AV equipment, such as wall-mounted displays, ceiling projectors, and in-wall cabling, adhering to safety and building codes.
- Perform cable terminations, routing, and management to maintain signal integrity and aesthetic standards.
- Test and calibrate installed systems to verify functionality and compliance with AVIXA quality standards, including audio levels, video resolution, and control system performance.
- Collaborate with project managers, designers, and clients to ensure installations meet project specifications and client expectations.
- Document installation processes, including as-built drawings and equipment inventories, per AVIXA guidelines.
- Troubleshoot and resolve installation-related issues, ensuring minimal downtime and optimal system performance.
- Adhere to workplace safety protocols, including proper use of tools, ladders, and personal protective equipment.

### Qualifications

- High school diploma or equivalent; associate's or bachelor's degree in audio-visual technology, electronics, or a related field is a plus.
- 1-3 years of experience in AV system installation or a similar role.
- Familiarity with AVIXA standards for installation, performance, and quality control.
- Proficiency with AV equipment installation, including displays, projectors, audio systems, and control platforms (e.g., Crestron, AMX, Extron).
- Strong understanding of signal flow, cable management, and basic networking for AV systems.
- Experience with tools and techniques for cable termination (e.g., soldering, crimping) and rack building.

### Hiring organization

Delaware Audio Visual

### Employment Type

Full-time

### Date posted

May 18, 2025

- Ability to read and interpret AV system blueprints, schematics, and rack elevations.
- Excellent problem-solving skills and attention to detail to ensure high-quality installations.
- Physical ability to lift heavy equipment (up to 50 lbs), work at heights, and perform installations in confined spaces.
- Flexibility to travel to job sites and work occasional evenings or weekends as needed.
- Valid driver's license and reliable transportation preferred.

## **Skills**

### **Preferred Certifications**

- CTS (Certified Technology Specialist) from AVIXA strongly preferred.
- CTS-I (Certified Technology Specialist – Installation) is a plus.
- Dante Certification or other AV networking certifications.
- OSHA Safety Certification.

## **Job Benefits**

- Competitive salary based on experience
- Health, dental, and vision insurance
- Paid time off and holidays
- Support for AVIXA certification training and professional development
- Collaborative and innovative work environment

## **Contacts**

### **How to Apply**

Interested candidates should submit their resume and a brief cover letter to [jobs@delawareav.com](mailto:jobs@delawareav.com) or apply through our website at [www.delawareav.com](http://www.delawareav.com). Please include "Audio Visual Installer Application" in the subject line. Applications will be reviewed on a rolling basis until the position is filled.
